Here is what people are saying about Ecuador Freedom Bike Rental:

"My husband and I did the 3-day guided tour on July 31-Aug 2 (Quilotoa loop to the Amazon basin) with Court as our guide. The ride was amazing! The views were fantastic and really left us wanting more. The weather could not have been any better. We were actually excited with the hail and rain that greeted us on the ride. We used the BMW R1200GS and it was very comfortable. The service both Court and Sylvain gave were impeccable, from the time we first asked about the tour to the time we came back and had to give the bike back :(. Court, as our guide, was very accomodating with our needs and waited patiently for us while we were shopping and enjoying ourselves in the cave. Thanks, guys!! You made our trip to Ecuador perfect!!!!

" *" I am just back to Quito after a 2 weeks tour of Ecuador on one of the KLR650 from Ecuador Freedom Bike Rental and I have to say that it was one of my best motorcycle trip ever, with some of the most beautiful landscapes I have ever seen. And the roads are just perfect for motorcycle riding. On top of that you add the great service I got from Sylvain and Court and you make it an unforgettable trip. Thank you guys, it was perfect (apart from Sylvain who had to jinx it for my last ride... he told me to take a spare inner tube, but I didn't listen to him...of course I got a flat tire today...ahahaha). - Cedric Mouroux, Paris, France*

" *" Had a fantastic time out on one of Freedom's Scooters, the guys were more than helpful and dont think my experience of Quito and the trip to Mitad del Mundo would have been the same on a bus!! Thanks guys for all your help and your generosity!! Defininetely be back for another hire!! - Claire Dodds, UK*

" *" Absolutely fabulous!!! We rented a scooter for a day and it was, without doubt, one of the best times we had in Quito!!! We travelled the whole city twice: once lost and once more for good measure!!! There`s nothing like weaving through traffic on a Moped in Quito!!! - John Fotheringham, Montréal QC Canada*

"*The tour was managed with relaxed efficiency. " We got to where we were going safely and in a relaxed manner."* - David, New York USA-(Introduction to Ecuador 12-day Tour, November 2011)

"*Best adventure of the 5 months I had in South America (besides getting smuggled accross the border of Lake Titicaca on boat/cattle car when the Peruvian/Bolivian border was closed). You*

guys rock." - James Mannix, New York USA

" Just had a wonderful ride on one of the Yamaha Scooters. Although we were amateur riders, we didn't have any problems getting around, even through we ran through some of the busiest streets. Most drivers were very considerate, and nothing beats the wind in your face going up and down the hills. Thanks for a great experience! - Jen Adams, Cuenca Ecuador

" Thanks again you guys for this outstanding experience! The bike was excellent and the places you suggested me to visit just couldn't stop my mouth scream WoW and WoW. I wont stop recommending Ecuador Freedom Bike Rental to anyone I hear will be visiting Quito on my path... Thanks guys! You are great adrenaline providers! -Arash, Milan Italy

"Court delivered reliable equipment and provided expert tour information. He responded to my emails in a prompt manner. He made sure that we were safe and ensured that we had a great experience in Ecuador. I highly recommend Court and Freedom Bike Rental." Jim Haugen (OFFROAD Ecuador ADventure rider) February 1, 2012

"I had the pleasure of working with Court in the planning and management of a group vacation in Ecuador. Completely unfamiliar with the country, Court, and Freedom Bike Rental, addressed our numerous questions, ensured that all reservations were in place, and provided extensive backup plans in the event that something went wrong. Fortunately, everything worked out perfectly. Their customer support for us was superlative and I look forward to working with them again in the future". -Roger Ness, Chicago IL USA Please see his trip report [HERE](#).

"Wow, what a great time I had! Honestly I had no idea that Ecuador would be so beautiful or have the greatest twisty roads to ride. Now I have a year's worth of riding video and pictures to go thru! Thanks guys for all the fun times!" -**Michael Ledbetter, US Airforce- Colorado USA. April 22, 2012**

"Travel to the destination is usually the worst part of the trip but the "10 Best Days of Ecuador" Tour started prior to our plane touching down in Quito. As we looked out the planes window approaching Quito we knew that we were in for one hell of an adventure. The topography of Quito is mind blowing which was a good hint of things to come. Within 24 hrs. we had met the crew, Court and Silvan, and were outfitted with our sparkeling clean bikes with new tires. Soon to change. I could make a novel out of this review but will try to keep it short. Let me begin with the kindness and helpfulness of our two man guide team. They couldn't have possibly done more to make our trip more enjoyable. The route they took us on was well planned to show many highlights of Ecuador. Some roads being closed by unknown landslides which was no fault of the planning. If you choose this ride I suggest that you have good off road ridding experience because you will encounter fairly technical ridding areas from river crossings to fairly steep loose gravel inclines. Exactly what we had hoped the ride would give us and it didn't fall short by any means. From off road to mild street racing, it was a adventure ridders dream. Nightly accomodations were more than expected and the food was to die for. Over all I would give this adventure a 5 STARS rating. One added comment is that when you sign up plan to spend at least one extra day in Quito and make it a priority to visit the "Old Town part of Quito". You won't be dissapointed. Thanks Court and Silvan for a memorable experience... My camera recorded over 1600 photos, not to mention the countless hrs of videos recorded by the other riders. Half the Wheels for Twice the Thrills...." - **Ron Jett - Oregon USA April 2012.**

"Court runs a great business for adventurous bikers, having a selection of bikes for everyone's needs & skill level. I took a KLR 650 on a 4 day guided offroad tour and loved every second of it; amazing scenery, safe but challenging road conditions, great food, nice accommodation and cold beer - what more could a man want?" - **Chris Bowen, Pirate Fighter, off the coast of Somalia, February 2012**

"We had an amazing week on our self-guided GPS tour! Court was super friendly and helpful. We had a couple issues as can be expected on a long offroad ride, but he was able to come to the rescue quickly in one case and give us the info we needed to get ourselves back on track in

the other. The bikes were great, they booked us in the best accommodations imaginable at every stop, the country was beautiful, and the people were friendly. I would recommend Ecuador Freedom Bike Rental to anyone looking to have a world class experience riding some incredible roads guided by knowledgeable and well connected guides. Don't miss out!" - Chaim Rochester, Vermont USA February 2012
